## The British Home

The British Home is a non-profit organization, well known in the community for delivering over eighty years of outstanding service to its residents.

The Home is a unique elder care facility providing gracious retirement living for seniors of all nationalities, races and religions. It is located in a quiet residential area of Sierra Madre in the superb climate and attractive foothills of the San Gabriel Mountains.

The Home's 2½ acres of beautifully landscaped gardens contain five separate cottages, each having its own lounge, kitchen,

and individual en-suite bedrooms, providing high quality, secure, independent and assisted living for a total of 41 residents.

There is also a well appointed central dining room, lounge, kitchen, reception area and administrative offices. The communal areas are elegantly furnished and tastefully decorated.

Two of the cottages are devoted to 24 hour nurse assisted living for residents in need of additional attention. Help is also provided, where required, with medication management, showers/bathing, dressing/personal grooming, and scheduling/management of medical appointments. The Home is large enough

to provide a full range of amenities and activities, yet small enough to deliver a

high degree of personal service. The very high staff-to-resident ratio facilitates this personal attention in a timely manner.

high degree of personal service. The very high staff-to-resident ratio facilitates this personal attention in a timely manner.

The Home's physician routinely visits once a month; the current senior physician has been serving the Home for over 48 years!

The Home is operated by a volunteer board of directors and

financed by residents' fees, bequests, and donations from the DBE and other philanthropic organizations. It is staffed by a team of professional administrative, service, nursing, and maintenance personnel.
